

ZAKIR OMER OZDIKICI

ARCHITECT

I graduated from Department of Architecture (English) at Istanbul Kultur University. Also I studied half year in 1st Master Class at KU Leuven, Belgium as an Erasmus exchange student. I finished my bachelor's degree with 3.12 GPA out of 4.00. Now, I am doing a master's degree in Programme in Housing Production and Construction Management in department of Architecture at Yildiz Technical University. I have more than 10 years of professional experience working with virtual environment. I have a lot of competition experience with my friends. People find me to be an upbeat self-motivated team player with excellent communication skills. I enjoy searching, and the knowledge and perspective that my researches gives me has strengthened my teaching skills an presentation abilities.
